Membership Fee: ________________________________ Total(weekly/daily)Fee: ________________________________

Payments must be paid at least weekly (due Mondays or on the first open day of the week).

No credit is given for absences due to any reason (including illness, vacation, and holidays). Parents must notify the center office for any absence. In order to receive a refund, two weeks written notice is required. At the time the written notice is received the child will be withdrawn.

The YWCA’s early learning center program has been discussed with me and I agree to the following:

1. It is the responsibility of the parent to contact the center when the child/children will be absent.
2. Parent will pay a late pick-up charge of $5 per child for every 15 minutes (or portion thereof) after the center closes at 6:30 p.m. If by 7:00 p.m. no contact to the center by the parent has been made, the child will be placed in the custody of the Texas Department of Family and Protective Services. Children may be dropped from the program if full payment is not made by the first open day of the week.
3. Parent is responsible for full amount if fee is subsidized and contract is terminated or parent fails to recertify.
4. The YWCA will not assume responsibility for any child who has not been signed in for child care when she/he arrives for the day or for any child who has been signed out for the day from any child care program.

The term “parent” shall include only those with custody of the respective child, or those designated by the court as managing conservators and/or legal guardians. The undersigned parent and her/his respective spouse if not joint herein, agree to identify, defend and hold the YWCA harmless for and against any and all liabilities, claims, causes of action or expenses, including attorney’s fees which may result from the inadvertent or forced release of a child to any person not specifically authorized or approved to call for said child, as listed above.

YWCA CHILD CARE POLICY

Behavioral Expectations

Children participating in any YWCA child care program, including day care centers, after-school programs summer camp, and fun days, are expected to behave in an age-appropriate manner, respectful of themselves and others, and in a pattern that promotes a positive and safe environment for all. Normal and expected standards include, but are not limited to:

- Respect for teachers, recreation staff, and other adults who are responsible for the safety and well-being of all of the children,
- Respect and appropriate interactions with peers and other children participating in the YWCA program, demonstrating tolerance for and appreciation of individual differences, and resolving conflict using non-aggressive methods,
- Respect for physical property, regardless of owner.

Children are free to discuss any specific rules with their teachers or recreation leaders.

Should a child choose not to adhere to these basic standards, the following steps will be taken:

1) The child will be removed from any situation that may result in an unsafe environment,
2) The adult supervisor may explain why the child is being separated from the other children and engage in a discussion with the child; the discussion will not include yelling, inappropriate language, or other disrespectful behavior;
3) The child may be asked to play or work separately from other children if deemed necessary or advisable by the adult supervisor.

If the inappropriate behavior is isolated, the child may be allowed to rejoin the group if the adult supervisor has reason to believe that the behavior will not be repeated. Should the inappropriate behavior be repeated, the child will remain separate from the other children and the child’s parent or guardian will be contacted.

If, despite the efforts of parents and adult supervisor, the child’s behavior continues to jeopardize either his or her own safety and well being, or that of any other person involved with the YWCA program, the following options are available:

1) The child will be suspended from the program for one week. If, upon return, the behavior continues to jeopardize his or herself or other children, the child will be permanently dismissed from the program.
2) The child may return to the program only if the legal parent or guardian is in attendance at all times, for a period of three days. If the child’s behavior improves so that his or her behavior no longer jeopardizes the safety and well being of his or her self and/or the other participants, the child may continue to attend without the parent or guardian in attendance. If, in the opinion of the adult supervisor, the child’s behavior is not considered to be appropriate, the child will be dismissed from the program. Every effort will be made to provide parents with a one-week notification of this action.

The child’s legal parent or guardian may request a meeting with the Child Development Center Director, Director of School Age and/or the Program Director. Please refer to the Operational Procedures provided to you at the time of enrollment for additional information.

I have read, understood, and agree to the policy stated above:

Dear Parent,

The following outlines our policy pertaining to infant sleep for babies under our care.

ALL infants under 12 months will be placed for sleep using these guidelines.

- The infant shall be placed on their back on a firm, tight-fitting mattress in a crib or bassinet.
- Waterbeds, sofas, soft mattresses, pillows, bean bag chairs, and other soft surfaces shall be prohibited as infant sleeping surfaces.
- All pillows, quilts, comforters, sheepskins, stuffed toys, and other soft products shall be removed from the crib during baby’s sleep.
- The infant’s head shall remain uncovered during sleep.
- When infants can easily turn over from the back to the stomach position, they shall be put down on their backs and re-turned, as position change is noted.
- Unless a doctor prescribes a positioning device that restricts movement within the child’s crib, such devices shall not be used.

It is important that you and others who care for your baby practice back sleeping when your child is in your care. Babies who are accustomed to sleeping on their backs and who are placed on their stomachs to sleep have increased SIDS risk during periods while they are on their stomachs.
I, the undersigned, as the parent/guardian of ____________________________
Have read and understand the infant sleep policy. I agree and have designated below one of the following sleep positions for my infant from birth-12months of age when receiving care at the YWCA ____________________________ Early Learning Center.

A. ___ My infant will be place on his/her back to sleep as recommended by the American Academy of Pediatrics.

B. ___ My Infant has a special medical condition. After considering the risks and benefits, my child’s physician has provided written instructions to place my infant to sleep on his/her stomach. These instructions, signed by a physician, are attached to this Infant Sleep Position Agreement.

Tuberculosis (TB) is a disease caused by TB germs and is usually transmitted by an adult person with active TB lung disease. It is spread to another person by coughing or sneezing TB germs into the air. These germs may be breathed in by the child.

Adults who have active TB disease usually have many of the following symptoms: cough for more than two weeks duration, loss of appetite, weight loss of ten or more pounds over a short period of time, fever, chills and night sweats.

A person can have TB germs in his or her body but not have active TB disease (this is called Latent TB infection or LTBI).

Tuberculosis is preventable and treatable. TB skin testing (often called the PPD or Mantoux test) is used to see if your child has been infected with TB germs. No vaccine is recommended for use in the United States to prevent tuberculosis. The skin test is not a vaccination against TB.

We need your help to find out if your child has been exposed to tuberculosis.

La Tuberculosis (TB) es una enfermedad causada por gérmenes de TB y en la mayoría de los casos es trasmitida por una persona adulta con tuberculosis pulmonar activa. Se transmite a otra persona por la tos y por el estornudo al expeler gérmenes de TB al aire que pueden ser respirados por los niños.

Los adultos que tienen la enfermedad activa casi siempre tienen varios de los siguientes síntomas: tos con duración de más de dos semanas, pérdida de apetito, pérdida de peso de diez libras o más en un período corto de tiempo, fiebre, escalofríos y sudores nocturnos.

Una persona puede tener gérmenes de TB en su cuerpo pero no tener la enfermedad activa. Esto se llama infección latente de TB (o LTBI por su sigla en inglés).

La TB es prevenible y curable. La prueba tuberculínica, también llamada PPD o prueba de Mantoux, se utiliza para saber si su niño o niña ha sido infectado/a con el germen de TB. No se recomienda ninguna vacuna para prevenir la tuberculosis. La prueba tuberculínica no es una vacuna contra la tuberculosis.

Necesitamos de su ayuda para saber si su niño/niña ha sido expuesto/a a la tuberculosis.
